

February 22, 2022

Dear Members,

We are glad that our new swimming pool is opening this week. As much as we want to accommodate all members, their families and their guests, we are restrained to do so because of the IATF-mandated policies in place. We wish to avoid overcrowding in the pool complex, which might compromise the safety of our members and their families.

Your management, in consultation with the officers of the club, decided **to limit usage of our pool complex to fifty (50), main pool to twenty (20) and kiddie pool to six (6) persons at any given time until further notice.**

We will implement a first-come, first-served reservation process for the use of the pool starting on Wednesday, Feb 23, 2022. We will also have a waiting list once the fifty slots are filled up. Those on the waiting list may stay at the golf lounge or lower veranda provided they follow the dress code in those areas and will be called once slots will be available.

We hope for your understanding. Rest assured there will likely be an adjustment in policies whenever the Covid alert level will be changed.

**For reservations, please call, viber or text Ms. Lanie Aycardo at 0966 9904149.**

Thank you.

The Management
